Crosby[®] HR-100 Pivot Hoist Ring

Product Information

- ✓ **HR-100 features a forged alloy steel bail that provides benefits you have come to expect from Crosby “forged” components.**
 - **More durable bail provides the increased toughness desired in potentially abusive filed conditions.**
 - **Easily readable “Raised Lettering” showing the name Crosby or “CG” and PIC Code for traceability.**
 - **Forged bail features larger throat opening than standard HR-125**

Crosby[®] HR-100 Pivot Hoist Ring

Product Information

- ✓ **Design Factor of 5 to 1**
- ✓ **180° pivot action at full capacity.**
- ✓ **100% individually Proof Tested to 2-1/2 times the Working Load Limit with certification.**

Crosby® HR-100 Pivot Hoist Ring

Product Information

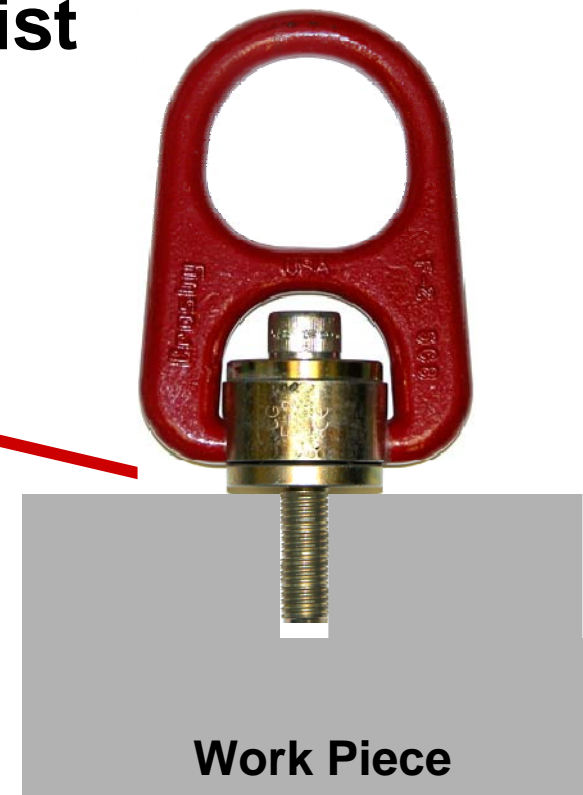

- ✓ Each product has a Product Identification Code (PIC) for material traceability along with a Working Load Limit and the name Crosby or “CG” stamped into “load bearing components”.

Crosby[®] HR-100 Pivot Hoist Ring

Product Application

- ✓ Like standard Crosby hoist rings, the HR-100 must be installed to recommended torque with torque wrench making sure mounting surface meets the load (work piece) surface.

Crosby[®] HR-100 Pivot Hoist Ring

Product Application

✓ Detailed warning and application instructions are included with each hoist ring.
